

### **Kajeet Smart Spot Information**

Built with K-12 students in mind, the Kajeet Connected Smart Spots™ is the one-source technology solution that keeps children connected. Running off of Verizon's Wireless network, the Smart Spots will help students connect at various locations around Surry County.

With WiFi across the county, Kajeet saves you time by providing all the connectivity you need. Every Smart Spot is also equipped with Sentinel Platform for content Filtering.

## **MANAGE, FILTER, & REPORT STUDENT DATA USAGE**

**Kajeet Sentinel®**, the core of our connectivity solutions--the Kajeet SmartSpot®, SmartBus and Mobile Device Management Solution--safeguards Internet access for students, by including filtering, device management, network security, and reporting tools all in one convenient platform.

### **Kajeet Smart Spot Locations**

SCPS would like to thank all participating parties for their efforts in connecting our students so that instruction can continue for the 2020-2021 school year.

**This is an instructional tool only. Only students should be logging in and accessing instructional materials.**
